

# READING YEAR-V

## Fluency

- Read grade - V texts with accuracy and at a natural pace
- Understand how punctuation impacts fluency

## Vocabulary

- Figure out what a word means by how it's used.
- Put words into groups based on what they mean, like colors or shapes.
- Know the main word and how it changes, like "cook" becoming "cooks" or "cooked."
- Find the smaller words inside a contraction, like "can't" for "cannot."
- Get how words combine to make a new one, like "sunset" or "football."
- Spot words that mean the same, opposite, or sound the same but mean different things.
- Use what you know about a word's starting part to understand what it means.

Reading  
Comprehension

- Identify the main concept and supporting details of a text
- Determine what will happen next in a reading selection and relate with real-life experiences and events
- Ask meaningful questions in order to understand text
- Answer questions about a text after reading it
